to me, Leslie, David, Keith, Mike

Paul,

I was going through the correspondence documents for Geneva Rock's operation at the Point of the Mountain and saw the extension of time granted to Geneva for reclaiming the 2.09 acre parcel on May 26, 2016. It appears Geneva believes the non-conforming use determination application, currently under consideration by the city, is tied to the 2.09 acre parcel. The city is required to clarify that the 2.09 acre parcel is not related to the legal non-conforming use determination and is not part of the review. The area in question is not zoned for mining and is violation of Draper City's Land Disturbance Ordinance therefore, Geneva is in violation of the Draper City Municipal Code. The 2.09 acre is outside of the determination as shown on the attached map and the city requests immediate reclamation of the 2.09 acre parcel.

Please let me know if you have any questions.

Russell Fox, AICP  
Assistant City Manager  
Draper City
